5. Would you be willing to provide help in kennels? YES NO

- This would involve; taking dogs on walks to practice leash-walking skills,
- transporting them to the vet,
- bringing them to adoption events,
- taking photos of them,
- spending time with them to learn traits about them that we can list on their webpages,
- and meeting potential adopters at the kennel to do the paperwork to finalize adoptions.

If so, which kennels would you be willing to volunteer with?

Help needed at

- Attica
- Farmington Hills
- Ann Arbor
- Clio/Flint

- We are always looking for boarding places for when we get a returning dog.
- That gives us free space or a very low cost; most important is to have volunteers in the area to visit them on a daily basis.

Take them to events, vets, meet and greets, adoptions if they adopt fast or help them get into foster homes. They can write off what they donate to us, and it can help increase their business!

- We could post them on our website and that gets thousands of hits a week on Facebook!
- We often get asked for recommendations so it's a win win for the facility and the LDDR dogs.

If you are willing to start helping our rescue at a new kennel, please describe where and how you can help!

6. Would you want to volunteer to do any of the following?

(Please check all that you would be interested in assisting with)

<p>Adoption Follow-Up Team - call/ email past adopters to make sure all is going well</p>	
<p>Fundraising Team - organize/host a fundraiser, brainstorm new ideas, help raise money</p>	
<p>Vet Records/Adoption Paperwork: Work with intake records, vet records and adoption contracts, receive, scan, file, organize and send out to fosters and adopters when needed.</p>	
<p>Veterinarian Coordinator: communicate our expectations, help new vets get on board once they agree to work with us, troubleshoot billing errors, review bills for accuracy, review prices yearly.</p>	
<p>Veterinarian Scout-Search for discounted Emergency and regular vets.</p>	
<p>Grant Searchers: We have grant writers we need people to research grants that could qualify for.</p>
